

THE WINES

McKinley Springs Winery, located in Washington's Horse Heaven Hills AVA, is a small, family owned and operated business. We take great pride in tending to our 2000 acre estate vineyard, and strive to craft wines of exceptional balance, flavor and value. Our vineyard's reputation for producing award-winning wines stems from our sixty years of farming and 30 years of wine growing experience.

Founded in 2002, the winery specializes in Chenin Blanc, Cabernet Sauvignon, and Syrah. Our newest wine, Bombing Range red, is an approachable value wine that reflects our site's history of being a fighter pilot training area during World War II. For more information, visit us at our tasting room in Prosser or online at www.mckinleysprings.com.

- Doug Rowell, Winemaker & Rob Andrews, Grower

WHITES

Chenin Blanc - We are one of the few Washington producers crafting Chenin Blanc, a dry white with some tropical flavors. The wine comes from one of our original 1981 plantings.

Viognier - A balanced wine with plush fruit flavors of apricot and orange peel, it comes from our vineyard blocks 12 and 13, planted in 2003.

Confluence - This Chenin Blanc/ Viognier blend is named after the confluence at the east end of the Horse Heaven Hills where the Yakima, Snake and Columbia Rivers join.

Heaven's Rewards - A delicious and refreshing dessert wine made from late harvested Chenin Blanc and sourced from one of the first vineyard blocks we planted in 1981

REDS

Cabernet Sauvignon - A blend of the original "old block" planted in 1980, and newer block 17, it has some Petit Verdot added for color.

Syrah - With blackberry, peppery and some earthy notes, it is a perfect pairing with duck or beef.

Malbec - Silky, with blackberry, blueberry and clove flavors, it is delicious with lamb or chili.

Bombing Range Red - This blend of estate Cabernet Sauvignon, Cabernet Franc, Syrah and Mourvèdre is our tribute to our troops and the Horse Heaven Hills' colorful history.

Petit Verdot - Typically blended with Cabernet Sauvignon to add deep color, this wine was outstanding on its own so we bottled it as a single variety.

THE STORY

The McKinley Springs story began over 60 years ago when Louise and Bob Andrews began farming the land her parents had acquired after World War II. After 30 years of successful farming, they planted grapes in 1980, and soon after developed an award-winning reputation for the vineyard's wines. In 1986, three of their children, Rob, Sandy and Scott, and their spouses, founded Andrews and Rowell with the mission of continuing the family farming tradition. They established McKinley Springs Winery in 2002 with a goal of producing balanced, flavorful wines offering excellent value. Today, four members of the fourth generation are also involved in the family business.

McKinley Springs grows over 20 varietals on its 2000 acre estate vineyard in the southern part of Washington's Horse Heaven Hills. The region's arid climate, high winds and low density vineyards provide ideal growing conditions. The family's dedication to quality remains, evidenced by investment in vineyard technology. For example, shoot length indicators and water monitoring sites are implanted in all 200 blocks to help determine ideal watering times.

Rob Andrews, Grower, tends to the vineyards and Doug Rowell, Winemaker, oversees production. Together they make 10 wines, focusing on Cabernet Sauvignon, Syrah and Chenin Blanc. Interestingly, one of the original plantings from 1980, Cabernet Sauvignon, is still farmed.

McKinley Springs also supplies 25 noted area wineries with grapes, including Andrew Rich, Northstar, Syncline, Hogue and Columbia Crest. Visitors to the winery may walk its pristine vineyards and sample wines in the tasting room, located in a two-story post and beam building. The winery is open Thursday through Monday from 11:00am to 5:00pm.
